

Project Design

1. Set up wireless link from camera site to security office
2. Long Distance Up to 5 km
3. Provide each Speed Dome Camera Video & PTZ signal transmission

Benefit of the System

1. Fast Deployment
2. Range expandable
3. Flexible of camera location changing
4. Video / Audio transmitting
5. Sensor /Alarm compatible

Equipment Description

Wireless:

- **Alink-PW5** Professional 5GHz Wireless Multiple Camera Transmitting System

Video Server:

- **AVS-264** : MPEG-4 Video Server

Video Decoder

- **AVS-200D**:MPEG-4 Video Decoder
